### \*LOVE LETTERS

written to her sister, not seen until sister and Valentina both dead. She tells why she married Obed.

1. She was a bit psychic, knew she'd never see Caleb again so she seduced him before he left. Wanted something of him.
2. Married Obed to give son his inheritance. To go home would mean he would have to share and he'd be a bastard.
3. Obed a good businessman, could make the soap into a business.  
When Caleb's ship came back she didn't go down to see it, knew he'd not be on it. Knew he'd died. "I knew the day, the very minute that he died. My heart went with him. He screamed at the storm and his only concern was for me and our son. Death meant nothing to him. He thought only of us." Next day went to Obed and told him the truth. Man had always wanted to marry her. She married him to give her child the Kingsley name. She owed Caleb that much.

Caleb: "Death meant a lot to the men who went down with me." But there were tears in his eyes.

TRANSFER: "Which means that either she dies or you come back to life," Jared said. Caleb turned down other times because women would have died. Had to have a suitable body, meaning one that is scheduled to die and the person had to be willing to let Caleb in. He knows when NHA guy is going to die. THAT day must ask him. If he says no, then Victoria will die. He tells Jared this so reader knows it.
